Pros. Used to be a decent Company to work for with some Fortune 1,000 clients in the fold. Have gone downhill in recent years due to lack of (a) brand awareness, (b) marketing to middle-market companies, (c) and loss of experienced senior level consultants. Cons. Poor management, lack of vision and lack of how to brand AMS. Very poor treatment of consultants over the last year and a half, with most being either reduced in hours, or cut altogether.
