The office environment has changed considerably since the previous version of this lighting guide, LG7 Office lighting, was published in 2005. While the fixed desk remains a central part of office life, tablet and touchscreen computers are now commonplace and allow those occupying office space to move around, effectively carrying their workspace to wherever they need to be or feel comfortable working.

CIBSE - Building Services Knowledge

Note 1 (July 2013): An Addendum to LG4 was issued in July 2013 which contains a new Section 7 'Lighting for television', superseding that section in the original. For SLL and CIBSE members, this has been incorporated in the electronic versions of LG4 (whilst retaining the original section).

CIBSE - Building Services Knowledge

The Society therefore considers LG7 to be the most appropriate place for guidance regarding DSE and has formally withdrawn LG3 from use. More information on LG7 'Office lighting', and its latest edition published in October 2015, can be found here or via the link below. Publisher CIBSE. Product Code LG03.

CIBSE - SLL Publications

Lighting Guide 7 (2005): Office lighting The recommended design maintained illuminance over the task area in any room where office work is carried out is generally in the range 300 to 500 lux. Where the tasks are mainly screen based, such as data retrieval or telephone sales, then illuminances at the lower end of this range should be used.

CIBSE SLL Lighting Guide 7 : Visual Displays Ltd

Foreword This Lighting Guide replaces the CIBSE Applications Manual Window design which was published in 1987. The aim has been to build on the strengths of that manual and to update the design guidance and the way in which it is presented. Daylighting and window design is essentially a daylight design guide and a major part of the content deals with this topic.

Abstract There have been many changes to the office environment since the 2005 edition of Lighting Guide 7 was produced. Whilst this 2015 edition maintains the design flexibility of the previous version, it builds on it to emphasise how it is necessary to minimise energy use whilst maintaining a good visual environment for building occupants.
