The mathematical treasure hunt, produced by Mathigon, is an engaging mathematics lesson. Students follow a trail of clues and mathematical problems around the school site; each clue contains a hint to where the next clue is hidden. The questions are taken from a wide range of different topics, and often not directly related to the mathematics curriculum.

Treasure Hunt | STEM

Reading paper Reading paper: In Search of Treasure Introduction This paper is a test of pupils' reading skills. Evidence of pupils' understanding of a text, in relation to each question and the assessment focus targeted, is looked for, rather than the quality of their written expression. Texts The Reading paper is a test of unprepared reading.
